THINGS HAPPEN FOR THE BEST . . .

IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . There seems to be a reason for everything. . . And everything happens for the best. . .

Several months ago we told you good readers that we were moving our nine presses into the building located at 18303 Highway 12, at least we thought we were after paying the rent on the building and making a deal with the owner for a five year lease. . .

Checking on the building at least twice a week, so we could move in at an early date we learned one evening that the building was full of welding equipment. . . A few days later a sign appeared, which read: "Harry's Welding & Repair Shop". . .

We have tried to contact the owner to find out what the deal was and get our money back. . . To date no luck!!!

Now we see the building is vacant again. . . .

We are sorry that "Harry" had to close his welding shop, but we can't say we are sorry to see the building vacant after the deal we received. . .

**Thank you,
The Publisher**
